Financial aid

Recognising that many members of the community face financial hardship at different times in their lives, Jewish Care provides material and emotional support to help people get back on their feet. Its financial aid program provides individuals and families with one-off or short-term financial assistance to meet basic living expenses that arise during unexpected or unusual circumstances. This service aims to support members of the community while they work towards financial independence and security.

Jump Start interest-free loans

The Jewish Mutual Loan Company's Jump Start program provides interest-free loans to individuals and families for personal and business use, maintaining their privacy and independence. Simplified loan requirements and processes make it easier to apply and meet the selection criteria. Go to www.jewishcare.org.au/jumpstart
