Accreditation for Safeguarding Children

Jewish Care was accredited by the Australian Childhood Foundation under the Safeguarding Children Program in June 2016, and became the first provider of its kind to have undertaken and gained this accreditation in Australia. This accreditation reaffirms Jewish Care's strong commitment to the Safeguarding Children Program.

The Safeguarding Children Program is a unique voluntary accreditation scheme for organisations who have a duty of care to children and young people whilst delivering a service or activity to them and/or their families. The Program systematically builds the capacity of organisations to keep children and young people safe from abuse and exploitation by staff, volunteers or other relevant related individuals.

Our Vision

Together, building and supporting a healthy, resilient and inclusive Jewish community.

Our Purpose

Delivering excellent care and support, underpinned by Jewish values for the community we serve.

Our Focus

Jewish Care Victoria belongs to the community – each of us owners and stakeholders. With ownership comes responsibility. We each play a role in ensuring the care of those in most need. The strength of our community is in our diversity and in our togetherness – young and old, rich and poor, healthy and sick, religious and unaffiliated. Together we are one.

Jewish Care's vision and purpose speaks to all of us, not just the vulnerable. Through the delivery of the highest quality of care coupled with real choices and real options, we will transform Jewish Care from a provider of necessity to a provider of choice – **First choice for community support.**

About Jewish Care

In 1848, visionaries in our community established the foundations of Jewish Care. Ever since, Jewish Care has been providing vital support for people in need. Touching over 6,000 lives each year, Jewish Care helps individuals and families in the Victorian Jewish community receive the support they need to meet the challenges they face. We are the first point of contact for people experiencing unemployment, homelessness, emotional and financial difficulties, mental health issues and people living with a disability.

As always, we remain dedicated to providing professional, dignified aged care empowering seniors to remain healthy, connected and independent. Our person centered care approach enables people to live meaningful lives. Each person is recognised as experts in their own life and supported to achieve their highest potential. Building on concepts of active support and our own evolving Hand-in-Hand™ model, clients are encouraged to do what they can to maintain independence and function, and to be engaged in the community.

As a dynamic organisation focused on building community capacity, we also provide employment and training services for all sectors of the workforce, financial products for businesses and individuals and innovative programs to impart life skills and promote the potential of our youth.

Our Values

Jewish Care's values are universal and enduring in nature, but are also particular to the Jewish approach to creating a meaningful life and a strong, cohesive community.

Our values define who we are and underpin everything we do. They pervade every aspect of our organisation, informing relationships amongst colleagues, between staff and clients and between our organisation and the wider community. Our values are about people - they provide a moral compass for the way we respond to challenges and the decisions we make.

Our Customer Service Principles

Choice: We empower you to access the right support for you.

Accessibility: Our services are affordable to all and are conveniently located close to the majority of the Victorian Jewish community.

Partnership: We work in partnership with you, your family, friends, doctors, shules and all the various individuals and organisations that influence your quality of life. We actively build partnerships with other professionals and service providers to extend the network of support available to you and your family.

Independence: We embrace and advocate the principles of active support in all our services, fostering independence, empowerment and healthy living, through all life stages.

Evidence-based: We ensure that service delivery and development is guided by robust research and innovation.

Advocacy: We advocate with and on behalf of our clients, actively informing government of the issues facing our community, influencing social policy and effecting social change.

Diversity: We recognise the diversity of the Victorian Jewish community and deliver services that are respectful, responsive and inclusive of all.
